of Brazil in Switzerland

BRAZILIAN BAND IN SWITZERLAND · POWERED BY ADALU

More than a band, an experience

WHO WE ARE

Borogodó is a Brazilian word with no translation: **charm, charisma, energy, presence.** You can't explain it — you feel it.

We are a Brazilian band based in **Zurich**, created to bring the energy, diversity and joy of Brazilian music to Brazilians abroad and to everyone in Europe who loves Brazilian culture.

We are not a one-genre band. We break the cliché of "standard samba" and laid-back bossa nova: our focus is **movement**. Five musicians, played **in the round** on a **360-degree stage** — artists and audience in one celebration.

360° SHOW IN THE ROUND

IN THE MIDDLE OF THE CROWD

No stage between us — our preferred format. The band plays in the centre, the audience all around: the strongest connection, and everyone is part of the show. We also play other set-ups, such as a front-facing stage.

90S CLASSICS TO TODAY'S HITS

A setlist that crosses generations and regions of Brazil: the carnival anthems of the 90s (Axé, Pagode), Afro-Brazilian Samba-Reggae grooves and today's chart hits (Piseiro, Forró, Funk) — with no break to let the dance floor cool down.

PERFORMERS AND HOSTS

Top musicians with the soul of a host. They lead the singing, start the dancing and pull the crowd into the party, song after song.

Every corner of Brazil, on one stage
